Product information

HEL-Performance® **Radial Hand Brake Master Cylinder V2 / "3-Seal Technology" 16mm Black** **NEW PRODUCT 2025**

2nd generation of the popular radial brake pump from HEL Performance.
Machined from solid metal (housing and lever)—and for less than 400 euros, it’s a real steal in this competitive class!
The brake master cylinder was redesigned with great care and expertise.

- Piston diameter: 16 mm
- Lever can be swapped in just a few seconds with a single screw
- 3 lever lengths: S2, M3, L4 (the M3 version is installed as standard; S2 and L4 are available as accessories)
- Sealed bleed nipples
- Brake pump with“3-Seal Technology”
- CNC-machined housing and lever
- CNC-milled folding lever as standard
- CNC-machined brake fluid reservoir available as an accessory
- Mechanical lever ratio easily adjustable.
  16 mm piston diameter (x 18/ x 20mm)
- Integrated micro brake light switch
- Remote adjuster available as an accessory

Product information

Both the housing and the lever are mi
The housing features a high-quality, n
special order)

The mechanical lever ratio can be easily adjusted to your personal preference using an integrated component. Super fast and convenient.
The newly developed brake lever is mounted to the housing with just one screw. This makes it very easy and quick to replace the entire unit.

Weight: Approx. 300 grams
Material: Housing / Lever = 6082-T6 aluminum, machined from solid
Pistons and screws = stainless steel
Housing: CEARCOTE coating
Lever: Anodized

Package Contents:
1 x radial brake cylinder with brake lever and MICRO brake light switch
1 x M10x1.00 stainless steel hollow screw with copper O-rings
Installation/Maintenance Instructions

An ABE is in the works!!
